

There Is An Epidemic Of Abuse In Our Society Today!

One out of every four girls and one out of every seven boys will be the victim of sexual violence by the age of fourteen!

Sexual abuse knows no age parameters. The youngest victim on record in the U.S., . . . two weeks old; the oldest victim on record . . . 97 years old!

More Boring Statistics? Not If You Are One Of Those Statistics!!!

COMPASS is a nonprofit charity that goes to schools, parks and recreation sites, churches, and other children and youth organizations, presenting programs on Sexual Abuse & Prevention and Domestic & Dating Violence. Think of it, potential victims are being given the very information that may keep them from becoming one of the above-mentioned statistics.

We need 350 prepaid applications for the below proposed special interest plate before the plate will go into productions. \$10.00 of the annual \$25.00 fee goes to the state, \$15.00 will go to our nonprofit to help fight the epidemic of child abuse in our society. Please fill out the application on the reverse side of this letter to purchase one of these impacting plates, and **mail it and your payment to COMPASS. Sorry, cash or check only, no credit cards.**

ADDITIONAL INFORMATION

- The Department of Motor Vehicles (DMV) will not honor a change of choice or refund after the order has been sent to the manufacturer.
- When renewing early, registration, special license plate, and personalized plate fees are prorated for the months remaining on the current vehicle registration.
- You may purchase samples of most special plates.
- Personalized license plates require special handling; allow 60 days for delivery. Plates will be mailed directly to the applicant.
- The combination of characters used to personalize a license plate must not violate DMV's personalized plate policy. DMV reserves the right to refuse issuance of any combination of objectionable characters if they, in anyway, carry a connotation that may be reasonably seen by a person viewing a license plate as 1) profane, obscene, or vulgar in nature, 2) sexually explicit or graphic, 3) excretory related, 4) describing intimate body parts or genitals, 5) describing drug culture or use, 6) condoning or encouraging violence, 7) describing illegal activities or illegal substances, 8) socially, racially, ethnically offensive, or disparaging.

Clean Special Fuel License Plate

- Vehicles registered with clean special fuel license plates before July 1, 2006 will be permitted to operate in all HOV lanes throughout the state without the required number of occupants. However, if an application for these plates is received by DMV on or after July 1, 2006, the vehicle displaying these plates will not be eligible for occupancy exemptions in the I-95/395 HOV lanes.
 - A hybrid vehicle must qualify as a clean special fuel vehicle under the super ultra-low emission vehicle (SULEV) rating or the Environmental Protection Agency's (EPA) equivalent beginning with model year 2005 vehicles.
 - Hybrid vehicle assessment standards were set by the Virginia Department of Environmental Quality (DEQ) and adopted by DMV to ensure that only the cleanest hybrid vehicles are eligible for clean special fuel plates.
 - Not all hybrid vehicles qualify for the clean special fuel plate. For a list of qualifying hybrid vehicles, visit our website at www.dmvNow.com. The list of vehicles is updated as new hybrids are introduced to the market and assessed by DEQ.
-
- All application and return inquiries should be directed to the sponsor who is maintaining and facilitating collection of the 350 pre-paid applications for new plates through General Assembly authorization or currently under development.
 - When the 350 pre-paid applications are being processed, personalized plate and special plate fees are not prorated. Your vehicle registration will not be renewed unless it is within two months of expiration. Should your vehicle registration require renewal, you will be billed by DMV for payment.
 - The entire special license plate process could take up to two years depending on the direction of the sponsor. It generally takes about nine months to develop a new plate once the 350 prepaid applications are collected.
